

Information about travelling with dangerous goods

FLY AIR41 IS NOT APPROVED FOR TRANSPORTATION OF DANGEROUS GOODS

In aviation some usual items from the normal everyday life could be so dangerous, that it isn't allowed taken them neither on aircraft nor within travelling baggage.

According to ICAO/ IATA regulations, dangerous goods within baggage is strictly forbidden.

The transport of dangerous goods is subject to the strictest regulations.

ICAO Standards and Recommended Practices:

- Annex 18 to the Chicago Convention, last effective edition;
- Technical Instructions for the Safe Transport of Dangerous Goods by Air, Doc 9284-AN/905 (ICAO TI), last effective edition including addenda and corrigenda;
- Emergency Response Guidance for Aircraft Incidents involving Dangerous Goods, Doc 9481-AN/928), last effective edition.

European Community (EC) Regulation:

- AIR OPS – Commission Regulation (EU) No 965/2012 of 5 October 2012 laying down technical requirements and administrative procedures related to air operations pursuant to Regulation (EC) No 216/2008 of the European Parliament and of the Council.

National Regulation of Croatia:

- Pravilnik o uvjetima i načinu prijevoza opasnih roba zrakom
- Zakon o prijevozu opasnih tvari

More information in regards of transportation of dangerous goods can be found on website [CCAA - Dangerous goods](#).

Dangerous goods may be:

- Briefcases with integrate alert and also integrate Lithium-batteries or pyrotechnic material
